

NEW ALPE ADRIA NETWORK of Chambers (NAAN)

Founded in 2007 with a Declaration of Intents. Our network saw a renewed vision in 2019 during the Presidential Conference, which redefined our mission.

OUR MISSION:

- Drive cooperation, integration, and advancement in the New Alpe Adria region
- Foster joint business initiatives
- Enhance regional knowledge exchange
- Engage in cross-border EU projects
- Promote business education
- Encourage technological innovation
- Unique value of the network: Cover all sectors for comprehensive support and resources

ORGANIZATIONAL STRUCTURE:

The Presidents' Conference, involving presidents from all member chambers, serves as the strategic body, setting goals and guiding common activities.

The Technical Working Group, consisting of one representative from each chamber, acts as the executive body, developing the annual program and implementing activities through dedicated work packages, while aligning with the economic priorities of the entire Network area.

NEW ALPE ADRIA NETWORK of Chambers (NAAN)

Uniting the Alpe-Adria region through a network of regional and national chambers. We foster innovation, collaboration, and access to essential resources for businesses and professionals.
